

 **Katell**

The **ITALIA** Collection

Welcome to Katell

Welcome to Katell, a company specialising in the design and manufacture of high quality fires and fireplaces.

Our ongoing commitment to high quality and exceptional performance is reflected in this stunning collection of timber surrounds.

Each fireplace is lovingly designed and created here in the UK and our team of skilled craftsmen ensure products are perfectly suited to your interior and changing lifestyle.

Admiring our fires and fireplaces first hand is the best way to appreciate their stunning design and quality.

Working with leading fireplace retailers across the UK, we are confident you will find the perfect timber fireplace for your home.

Proud to be British

Katell is passionate about its UK manufacturing and from our 50,000 sq.ft base, we house the latest CNC machinery to create market leading products with the latest technology.

With room for continued growth and expansion Katell is proud to create British products for British homes.

Caring for our environment

All our timber is sourced from FSC Approved suppliers who use certified and well managed forests. When you buy a timber electric fireplace from Katell you can be confident you are helping to protect our planet.

Certified Quality

We set the highest standards and provide our customers with quality assured products. Certified to the latest ISO9001:2015 standards, all our electric fireplaces come complete with a 12 month warranty.

World class customer service

Katell has always been at the forefront of delivering amazing customer service - it comes naturally to us. We love making our customers happy and our trained customer services team are on-hand to provide quick solutions and answer any technical queries.

Fires, fireplaces & stoves

In addition to this beautiful selection of electric fireplaces, Katell manufactures timber surrounds, inset fires and stoves. To see our full collection of products and services, visit our website at www.katell.co.uk

The **ITALIA** Collection

The Italia Collection from Katell is an exciting range of electric fireplaces featuring a stunning range of electric fires including the Optimyst flame effect. These fires really have to be seen to appreciate how realistic, atmospheric and stunning the flame effects are.

Choose from a range of finishes to suit your home style and decor, our new pearlescent finishes provide something special whilst our timber finishes provide a real natural and warming effect - the choice is ultimately yours!

There's a fireplace in the range to suit every property type and every room setting to create a welcoming focal point with great visual impact.

ITALIA ECO FIREPLACES

Designed to meet the new EcoDesign legislation, our Italia Eco fireplaces are equipped with the latest technologies to help improve your energy savings and protect the environment.

Heater Controls

Italia Eco fireplaces feature the latest heater controls that regulate their use through intelligent sensing and timers.

Room temperature control & open window detection

When the control detects a rapid drop in room temperature, it is perceived a window or door has been opened and the fire will cut off saving energy. When the temperature starts to increase the fire returns to normal operation.

7 day timer operation

The fire can be set to operate at specific times each day throughout the week. These times can be changed to suit your personal choice

Adaptive start operation

This operation switches on the fire in advanced of the programmed start time to ensure the room temperature is correct.

Thermostat control

All our Italia Eco fireplaces feature an electronic thermostat. The fire provides automatic heat control producing up to 2kW heat when required.

ITALIA OPTIMYST

The beauty of a real fire with the simplicity of electric, that's what an Optimyst brings to your home.

Patented technology creates an ultra-fine water mist that rises up through the log-bed. A glowing light reflects against the mist creating an illusion of flames and smoke - so authentic it may be mistaken for the real thing.

Look out for our five Optimyst models, you won't be disappointed.

ITALIA ORIGINALS

This inaugural collection of crafted Italia fireplaces features integrated electric fires with LED's that provide a realistic pattern of dancing flames above a glowing log bed.

Encompassing both traditional and modern designs, the Italia Originals collection is devoted to creating the perfect fireplace for your home.

MERONE

Italia Eco Electric Fireplace

The soft sweeping outer legs draw your eyes towards this impressive electric fireplace shown in Textured Grey.

Be impressed by the stunning flames that span the fireplace and for the extra impact - choose the optional light pack for extra effect.

- Provides up to 2kW heat with flame effect only setting
- Digital remote control with Eco compliant features - see page 4
- Ideal for fitting against a flat wall
- Optional LED light pack available

AVAILABLE FINISHES

NAPOLI

Italia Optimyst Electric Fireplace

Best seen to be believed, the Napoli is just sensational.

The inner profile of the surround with its precise lines draws the eye into the realistic Grey Slate effect chamber where the magical flame effect provides the drama.

- Optimyst fire technology
- 1 & 2kW heat settings with flame effect only setting
- Can be installed against any flat wall

AVAILABLE FINISH

Sandstone
Terrano Grey
Textured White

Hearth Width 1210mm (48")

Height 979mm

Depth 400mm

GENOA

Italia Optimyst Electric Fireplace

With its classic traditional looks, the Genoa boasts a strong design and detailed profiling. The traditional values continue with a ribbed Matt Black chamber where the realistic log bed sits.

Switch on the Optimyst fire and be amazed by the reality created by the ultra-fine mist.

- Optimyst fire technology
- 1 & 2kW heat settings with flame effect only setting
- Can be installed against any flat wall

AVAILABLE FINISH

Smooth White

Hearth Width 1223mm (48")

Height 1112mm

Depth 400mm

VERONA

Italia Optimyst Electric Fireplace

A simple yet stunning electric fireplace that is designed to seamlessly fit into most modern and contemporary interiors.

With a high gloss Black chamber enclosing the Optimyst fire, you'll be amazed by the beauty of the flames.

- Optimyst fire technology
- 1 & 2kW heat settings with flame effect only setting
- Can be installed against any flat wall
- Can also be supplied with wider 600mm optimyst fire

AVAILABLE FINISHES:

Sandstone
Smooth White
Terrano Grey

Hearth Width 1260mm (50")

Height 1010mm

Depth 408mm

SIENA

Italia Optimyst Electric Fireplace

Available in three painted finishes or a more traditional Natural Oak finish (inset), the Siena features a high gloss Charcoal chamber which is a perfect backdrop for the realistic Optimyst flames.

- Optimyst fire technology
- 1 & 2kW heat settings with flame effect only setting
- Can be installed against any flat wall
- Can also be supplied with wider 600mm optimyst fire

AVAILABLE FINISHES:

Natural Oak
Sandstone
Terrano Grey
Textured White

Hearth Width 1156mm (46")

Height 970mm

Depth 415mm

VITTORIA

Italia Optimyst Electric Fireplace

With its strong classic looks and subtle detailing the Vittoria is a truly impressive fireplace.

The characteristic red brick chamber from where the Optimyst fire sits, adds further delight.

- Optimyst fire technology
- 1 & 2kW heat settings with flame effect only setting
- Can be installed against any flat wall

AVAILABLE FINISHES:

Sandstone
Terrano Grey
Textured White

Hearth Width 1212mm (48")

Height 949mm

Depth 410mm

SORRENTO

Italia Originals Electric Fireplace

The Sorrento adds an adorable presence to your room. Its perfectly proportioned design with its chamfered edges and matching hearth are complimented by its textured Sandstone finish.

The widescreen fire sits perfectly within the black chamber and the realistic flames provide.

- 1kW and 2kW heat settings and flame effect only setting
- Ideal for fitting against a flat wall
- Shown in Sandstone finish

AVAILABLE FINISH

Sandstone

Hearth Width	1323mm (52")
Height	857mm
Depth	400mm

MILAN

Italia Originals Electric Fireplace

A perfect centrepiece for all rooms. Its beautiful Smooth White finish contrasts perfectly with the high gloss inglenook chamber and rounded stepped hearth.

The mesmerising flame effect dances above the realistic log bed - you will be impressed.

- Smooth White finish with matching hearth
- Stunning flame effect

AVAILABLE FINISH

Smooth White

Hearth Width	1353mm (53")
Height	907mm
Depth	350mm

AMALFI

Italia Originals Electric Fireplace

For rooms looking for that traditional style fireplace but with a contemporary twist, the Amalfi delivers.

The fireplace with its detailed chunky shelf and detailed inner edge is complimented by the stunning high gloss charcoal chamber.

- Stunning eye-catching design
- 1kW and 2kW heat settings and flame effect only setting
- Ideal for fitting against a flat wall
- Shown in Terrano Grey finish

AVAILABLE FINISHES

Flat Grey

Terrano Grey

Hearth Width 1220mm (48")

Height 1030mm

Depth 400mm

VARESE

Italia Originals Electric Fireplace

With its softly curved inward profile, the Varese naturally draws the eye beyond the high gloss black chamber towards the glowing bed of realistic flames.

The realistic log bed provides the foundation from where the flames rise, providing a warming glow that can be used independently of the heat.

- 1kW and 2kW heat settings and flame effect only setting
- Ideal for fitting against a flat wall
- Shown in Sandstone finish

AVAILABLE FINISH

Sandstone

Hearth Width 1240mm (49")

Height 1065mm

Depth 380mm

ELECTRIC INSET FIRES

Looking for a new electric fire to fit into your existing fireplace - choose one of our popular inset fires with a choice of finishes to suit your style!

Fitting directly into a standard 16" cut out, each fire features a realistic LED flame effect for a warming and glowing effect and features choice of four mood settings.

- Thermostat control maintains a comfortable room temperature
- Choice of realistic log or coal fuel bed
- Choice of Brass or Chrome cast finishes (excluding Rome)
- Flame effect only setting on remote control
